

A screenshot of a QEMU virtual machine window showing the SeaBIOS boot screen. The window has a title bar with the QEMU logo and standard window controls. The text on the screen is as follows:

```
SeaBIOS (version 1.10.2-1)

iPXE (http://ipxe.org) 00:03.0 CA00 PCI2.10 PnP PMM+07F90DD0+07ED0DD0 CA00

Booting from Hard Disk...
